MEMBERS – Primary Team

Players will automatically be tagged to a primary team based on the first team they are added to. If the player is in the wrong primary team, you can switch it to the correct one by going to the member's profile / team's tab – open the side panel and click the Action button.

This information will be used to generate the membership fee report that will be used to do the invoicing between Hockey Canada and the child organization.

This is also the criteria to get a list of the active participant.

Each player or bench staff will count only one time even if they are in multiple teams.

The screenshot shows a member profile page with the following details:

- Member:** AAA, #202100080906, JR - A
- Financial Summary:**
 - Transactions: \$100.00
 - Amount paid: \$0.00
 - Amount due: \$100.00
 - Scheduled: \$0.00
 - Remaining credits: \$0.00
 - Outstanding Balance: \$0.00
- Navigation:** Overview, Registrations, Transactions, Teams (selected), Qualifications, History, Waivers
- Teams Table:**

Season	Team name	Division	Position	Released	Status
2021-2022	TEST Go to profile >	U21 - A	Centre	-	Approved
2021-2022	AAA Go to profile >	JR - A	Centre	-	Pending

The right-hand side panel shows the 'General' tab with the following information:

- Status: Draft
- Short name: aaa
- Team Information:
 - Organization: SPORDLE
 - League: 202100080906

A red arrow points to the 'Set as primary team' button in the 'Actions' dropdown menu.

TEAMS – Player Positions

There is now a new settings that allow a branch to customize the positions to be used on a roster. Currently, this needs to be set up by Spordle. If you wish to select what positions will be available, please open a ticket and we will set this up for you.

TEAMS – Delete a Comment

The option to delete a comment added to a player on a roster is now available.

The screenshot displays the TEAMMS interface. On the left, the 'Active Roster (8)' table lists players. The player 'JEAN-PHILIPPE MICHAUD' is highlighted. On the right, the player's profile is shown with a 'Comments' tab. A comment by 'Jean-Philippe Michaud' is visible, and a red arrow points to a delete icon (a small square with a diagonal line) next to the comment.

REPORTS – Team Roster & Membership Fee

A new reports are now available:

Team Roster Report - This report will list all the members that are part of a roster for the current season. Filter options for this reports are: division, category, class, position group and overage/underage.

Membership Fee Report - This report is based on the new primary flag that we have launched. This report will list all the players on their primary team and will allow the invoicing of the insurance fees between Hockey Canada and the sub organization.

CLINICS – Expiry Dates

The ability to add an expiry date for a clinic is now available. This allow the user to set a date and as they marked player as attended and passed, the qualification will be created in the member profile with the proper expiry date.

IMPROVEMENTS

QUALIFICATIONS - We have completed the rework on the member qualification terminology. All the member qualifications were updated to the proper status. You will now see that the certify button is no longer there by default. The system will now assign the qualification as soon as you mark the attendee as passed. The certification button will only be there for coach qualification.

TEAMS - In the team list module, you can now select the number of teams you can see per page (max 200). This will allow you to print and approve rosters in batch.

CLINICS - We have now added the location in the search criteria for the clinics. The location of the clinic is now indexed in the search engine of the clinic list, in the report section and in the side panel of a member registration. We have also changed the business logic so that when a clinic is marked as passed the data of the location is copied over the member qualification.

IMPROVEMENTS

CLINICS - The feature to notify the host or the instructors when someone register to a clinic is now working. For any of the contacts that are part of the clinic you can turn on the notification. A copy of the transaction will be sent to the user.

TRANSFERS - The USA transfer reason filter has been corrected.

TEAM RESTRICTIONS - A new settings has been added to include he player qualification on the roster.

MEMBER - We have improved the navigation between roster and player profile. From the roster, when you click on a player to see is full profile, you will now be able to return to the team by clicking on Go to profile link.

IMPROVEMENTS

DATA TRANSFER -

- Appeals data is now moved over.
- Suspension data is now moved over.
- Official data is now moved over.
- Release date from previous team in HCR 2.0 is now moved over
